

DENY NAI

The Obama Administration is failing to enforce our Open Skies agreement with the European Union, threatening the jobs of tens of thousands of American workers.

The Department of Transportation's recent order tentatively granting Norwegian Air International (NAI) a foreign air carrier permit ignores key terms of the U.S.-EU Open Skies agreement. NAI's operation as a "flag-of-convenience" carrier in Ireland would allow the airline to skirt Norway's employment laws, giving NAI an unfair economic edge that puts tens of thousands of U.S. aviation jobs at risk. More than 200 members of Congress from both sides of the aisle have urged DOT to deny the NAI application.

Tell the Obama Administration to stand up for U.S. jobs, enforce our agreement, and deny NAI a foreign air carrier permit.
